The situation was discussed at a meeting here today of the Periodical Publishers' Association. After ad-journment, John Adams Thayer, exec-utive secretary, issued the following

"The strikes on the various trans-portation lines have seriously affected the periodical publishing industry Owing to the inability of the railroads to move freight, the supply of book stopped and while motor trucks are being utilized as far as possible, the situation is becoming more serious every day.

"Few publishers have large quann-tities of paper on hand and the pres-ent supply is adequate to fill the needs of the moment; in fact some of the publications have no paper, whatever, Accordingly, this condition has resulted, in some cases, of practically stop-ping the printing presses in a number reproduction noises and in some of the printing establishments which are losely aligned to publishing industry. "In order to conserve paper and to outline issuing their magazines some ublishers have decided to combine
